

Case Study: 2 Sisters Food Group – Microsoft Power BI Training Success Story

theknowledgeacademy

Dean Houston

HR Data & Reward Analyst

2 Sisters Food Group

Why?

Dean Houston, an HR Data & Reward Analyst at 2 Sisters Food Group, **wanted to enhance his knowledge of Microsoft Power BI** after transitioning into a new role. He aimed to regain confidence in using the software and apply it effectively in his day-to-day tasks.

Solution

Dean chose **The Knowledge Academy** to complete the Microsoft Power BI course to establish a strong foundation before progressing to more advanced learning. The course covered essential Power BI tools and functionalities in a structured way.

Experience

Dean described the training as **very good** and rated the course content **10 out of 10**. He highlighted that the trainer delivered engaging sessions, with clear explanations and detailed responses to questions.

Outcome

The training **gave Dean valuable insights into Power BI** and practical tips for using the software effectively. It also motivated him to continue building his skills through further learning.

Results

- **Quality of Course Content:** 10/10
- **Trainer Feedback:** Exceeded expectations
- **Booking Experience:** Managed smoothly by organisation

Client Testimonial

Dean Houston

HR Data & Reward Analyst, 2 Sisters Food Group

The course was very good and delivered by an engaging trainer who explained the content clearly and answered all questions. It helped improve my Power BI knowledge and introduced useful techniques. I would highly recommend The Knowledge Academy for its quality training and supportive learning materials.
