Atos IT Solutions and Services – PRINCE2® Foundation Training Success Story

theknowledgeacademy | Atos

Sorina Andries

Inside Sales Support
Atos IT Solutions and Services

Why?

Sorina Andries, an Inside Sales Support professional at Atos IT Solutions and Services, wanted to **focus on her personal development and broaden her professional skill** set. She sought a recognised project management qualification to strengthen her capabilities and support her continued growth within the organisation.

Solution

Sorina chose **The Knowledge Academy** to complete the PRINCE2® Foundation training based on her need for a structured and recognised project management qualification. The course provided a solid understanding in PRINCE2® principles, methodologies and best practices for managing projects effectively.

Experience

Sorina described the training as **very good** and rated the course content **10 out of 10**. She noted that the trainer met expectations and delivered the sessions clearly and effectively. The booking experience was very good, with Reece being particularly helpful and supportive throughout the process.

Outcome

The training supported Sorina's personal development by **equipping her with a recognised project management qualification** and an understanding of PRINCE2® principles. It strengthened her professional capabilities and provided a strong foundation for her continued growth within her role.

Results

- **Quality of Course Content:** 10/10
- **Trainer Feedback:** Exceeded expectations
- **Booking Experience:** Very good

Client Testimonial

Sorina Andries 

Inside Sales Support, Atos IT Solutions and Services

"The PRINCE2® Foundation training was very good and delivered exactly what I needed for my personal development. The course was well structured and informative throughout. Reece was very helpful during the booking process, making everything straightforward. I would highly recommend The Knowledge Academy for its quality training and excellent customer support."
