

# Case Study: Emirates District Cooling – PMP® Training Success Story

theknowledgeacademy | 

## Imran Awal Baz

Instrumentation and Control Engineer  
Emirates District Cooling LLC

### Why?

Imran Awal Baz, an Instrumentation and Control Engineer at Emirates District Cooling LLC, **wanted to strengthen his project management knowledge** and improve his ability to manage projects more effectively. He aimed to develop practical skills that could support better planning, coordination, and project execution in his professional role.

### Solution

Imran chose **The Knowledge Academy** to complete the **PMP® Training** due to the trainer's strong professional profile and expertise. The course delivered structured learning in project management principles, planning approaches, and practical methods for managing projects more effectively.

### Experience

Imran described the overall training experience as **good** and rated the course content **8 out of 10**. He found the sessions informative and professionally delivered. He also appreciated the trainer's teaching approach throughout the training course.

### Outcome

The training **strengthened Imran's understanding of project management practices** and equipped him with practical approaches to apply in his work going forward. It also boosted his confidence in delivering projects more effectively within his role.

### Results

- **Quality of Course Content:** 8/10
- **Trainer Feedback:** Met expectations
- **Booking Experience:** Good and smooth

### Client Testimonial

## Imran Awal Baz

Instrumentation and Control Engineer, Emirates District Cooling LLC

"The training was professionally delivered and gave me valuable insights into project management practices. The trainer's expertise made the sessions engaging and easy to follow. I gained practical knowledge I can apply in my work and would highly recommend The Knowledge Academy for its quality training."
