Dr. Tajudheen Karatt

Deputy Technical Manager
Equine Forensic Unit

Why?

Dr. Tajudheen Karatt, Deputy Technical Manager at the Equine Forensic Unit, aimed to gain proficiency in the ISO 17025 process to strengthen his **auditing and management capabilities**. His objective was to deepen his understanding of quality standards and enhance the laboratory's ability to maintain technical competence and reliability in its testing operations.

Solution

Dr. Tajudheen chose **The Knowledge Academy** after reviewing the information available on online portals and identifying its strong reputation for delivering globally recognised auditor training. He attended the **ISO 17025 Lead Auditor Course**, conducted by Mr. Kathal, whose expertise and clarity made the sessions both engaging and insightful.

Experience

Dr. Tajudheen described the training as an **excellent learning experience**. He rated the course **10 out of 10**, praising the trainer's clarity, structured delivery, and ability to make complex auditing concepts easy to understand.

The course was well-organised and productive without feeling rushed. He also appreciated the easy-to-use portal and responsive support team.

Outcome

The training enhanced Dr. Tajudheen's auditing knowledge and skills, enabling him to perform audits with greater precision and confidence. He highlighted that the course would significantly contribute to **improving overall audit performance** and **maintaining compliance** with ISO 17025 standards within his organisation.

Results

- **Quality of Course Content:** 10/10
- **Trainer Feedback:** Engaging and highly knowledgeable
- **Booking Experience:** Excellent and well-managed
