

Case Study: Esther Ovba – PRINCE2® Agile Foundation and Practitioner Training Success Story

*the*knowledgeacademy

Esther Ovba
Operations Professional

Why?

Esther Ovba, an Operations Professional, wanted to **achieve a recognised professional certification** in project management to enhance her career prospects. Her goal was to build confidence, strengthen skills, and prepare for greater responsibilities in future roles.

Solution

Esther chose **The Knowledge Academy** to complete the **PRINCE2® Agile Foundation and Practitioner** training after hearing about it from a **colleague**. She was drawn to the course's strong reputation and its ability to combine traditional project management principles with Agile flexibility, making it ideal for her professional development.

Experience

Esther described the training as **excellent**. She rated her experience **8 out of 10**, highlighting that the sessions were engaging and well-delivered. The trainer explained key PRINCE2® Agile concepts clearly, and the course provided valuable insights that enhanced her understanding of project management practices.

Outcome

The training gave Esther the **confidence to perform better** in her role. She felt more capable of leading projects with more clarity, guided by the core principles of the PRINCE2® Agile methodology.

Results

- **Quality of Course Content:** 8/10
- **Trainer Feedback:** Met expectations
- **Booking Experience:** Smooth & Flawless

Client Testimonial

Esther Ovba 
Operations Professional

“It was a good one. The training gave me the confidence to be better and apply PRINCE2® Agile practices effectively in my work.”
