

Case Study: Gulf Asia Contracting Company – PMP® Training Success Story

theknowledgeacademy | 

Sanulal T S

Lead Project Control Engineer
Gulf Asia Contracting Company LLC

Why?

Sanulal T S, a Lead Project Control Engineer at Gulf Asia Contracting Company LLC, **wanted to strengthen his project management knowledge** to support career growth and future opportunities. His goal was to build greater confidence in applying structured methods to manage projects more effectively.

Solution

Sanulal chose **The Knowledge Academy** to complete the PMP® Certification Training after experiencing clear communication and a smooth overall process from the service team. The course delivered structured learning in project management concepts, methodologies, and effective exam preparation approaches.

Experience

Sanulal described the training experience as **highly informative** and rated the course content **8 out of 10**. He shared that the sessions were engaging, motivating, and highly informative throughout the training. He also appreciated the trainer's practical guidance on exam preparation techniques and handling exam questions effectively.

Outcome

The training **enhanced Sanulal's understanding of project management practices**. It also strengthened his confidence in preparing for the PMP® examination and approaching exam questions more effectively with greater clarity.

Results

- **Quality of Course Content:** 8/10
- **Trainer Feedback:** Exceeded expectations
- **Booking Experience:** Smooth and easy

Client Testimonial

Sanulal T S

Lead Project Control Engineer, Gulf Asia Contracting Company LLC

“The training was highly informative, engaging, and motivating throughout the sessions. The trainer explained the concepts clearly and helped strengthen my understanding of project management practices. I would highly recommend The Knowledge Academy for its customer-friendly and supportive training experience.”
