## Why?

MariCarmen Barrios, an experienced Scrum Master, wanted to **validate her years of experience as a Project Manager**. She wanted to strengthen her project management credentials and gain globally recognised certifications to enhance her professional credibility and open up future opportunities.

## Solution

MariCarmen chose **The Knowledge Academy** to pursue the PRINCE2® Foundation and Practitioner training because it was a **well-known training provider** with a strong reputation for delivering industry-recognised courses. The structured learning pathway and globally respected PRINCE2® qualification aligned perfectly with her goal of validating her project management experience.

## Experience

MariCarmen described the training as **fantastic**. She rated her experience **10 out of 10**, praising the trainer for **exceeding her expectations**. The sessions were interactive and well-structured, which helped her gain a deeper understanding of PRINCE2® methodologies. She also appreciated the excellent coordination and seamless course delivery.

## Outcome

The training helped MariCarmen strengthen her project management knowledge and gain greater confidence in applying PRINCE2® principles to real-world scenarios. She shared that she **gained valuable insights** throughout the sessions and felt **well-prepared for the final exam**.

## Results

- **Quality of Course Content:** 10/10
- **Trainer Feedback:** Exceeded expectations
- **Booking Experience:** Good
