

# Case Study: Mouj Buhairat Al-Rokn Contracting Company – NEBOSH IGC Training Success Story

theknowledgeacademy

## Nowshad Khan

Project Manager

Mouj Buhairat Al-Rokn Contracting Company

### Why?

Nowshad Khan, a Project Manager at Mouj Buhairat Al-Rokn Contracting Company, wanted to **strengthen his understanding of occupational health and safety** and address gaps in practical risk management knowledge. He also aimed to gain a recognised NEBOSH qualification to support career advancement and improve workplace safety compliance.

### Solution

Nowshad chose **The Knowledge Academy** to complete the NEBOSH International General Certificate in Occupational Health and Safety training. His decision was influenced by the organisation's strong reputation, NEBOSH accreditation, experienced trainers, well-structured course content, and flexible learning options.

### Experience

Nowshad described his training experience as **excellent and highly satisfying**. He rated the course content **10 out of 10**, praising its clarity and ease of understanding. He praised the trainer for being knowledgeable and supportive, which made the sessions both engaging and effective.

The booking experience was smooth and professional, with responsive support and clear communication from the account manager throughout the process.

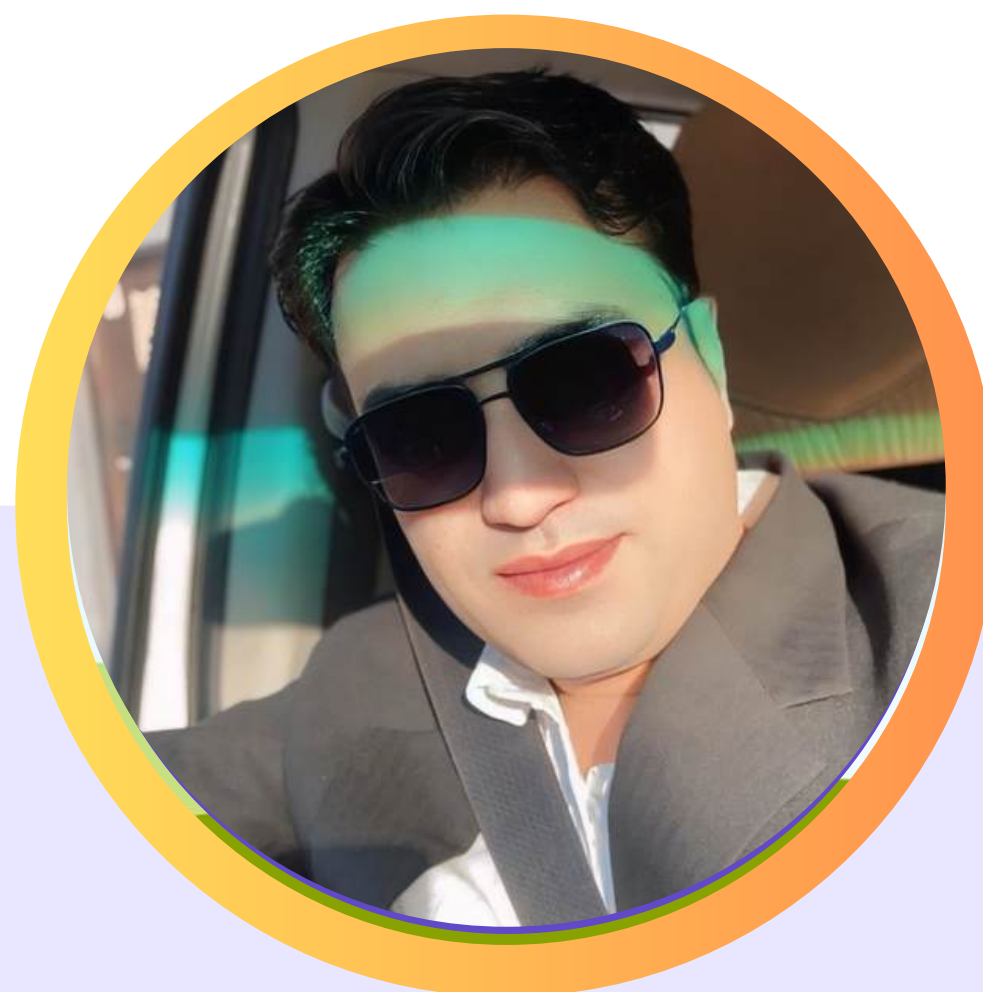

### Outcome

The training significantly improved Nowshad's **knowledge of occupational health and safety, risk assessment, and hazard control**. It strengthened his confidence in applying safety practices at work and enabled him to contribute more effectively to maintaining a safer working environment.

### Results

- **Quality of Course Content:** 10/10
- **Trainer Feedback:** Exceeded expectations
- **Booking Experience:** Smooth and supportive

### Client Testimonial

## Nowshad Khan

Project Manager, Mouj Buhairat Al-Rokn Contracting Company

“The training was excellent and very satisfying. The course content was clear and included real examples that made learning easier, making it a valuable investment in professional development. This training has strengthened my confidence in applying health and safety principles at work. I would highly recommend The Knowledge Academy.”
