QA/QC Lead

NEOM Green Hydrogen Company

Why?

Jakhongirkhon Usanov, a QA/QC Lead at NEOM Green Hydrogen Company, wanted to deepen his understanding of ISO 9001 standards and **strengthen his auditing competencies**. His goal was to develop the practical skills needed to conduct effective and credible audits in construction site environments.

Solution

Jakhongirkhon chose **The Knowledge Academy** to complete the ISO 9001 Lead Auditor Course because of its practical learning approach and strong relevance to real-world construction site auditing challenges. The course provided structured insight into ISO 9001 standards, auditing techniques, and practical audit application methods.

Experience

Jakhongirkhon described the training as **one of the best learning experiences of his career** and rated the course content **10 out of 10**. He highlighted the trainer's expertise and practical teaching approach, which exceeded expectations throughout the sessions. He also appreciated the smooth overall process and professional coordination during the training experience.

Outcome

The training **strengthened Jakhongirkhon's understanding of ISO 9001 auditing practices** and significantly increased his confidence in conducting audits. It also enhanced his ability to apply practical auditing techniques effectively within real-world construction site environments.

Results

- **Quality of Course Content:** 10/10
- **Trainer Feedback:** Exceeded expectations
- **Booking Experience:** Smooth and supportive

Client Testimonial

Jakhongirkhon Usanov

QA/QC Lead, NEOM Green Hydrogen Company

“The training experience was outstanding and one of the best learning experiences of my career. The course content was expertly structured, highly practical, and directly relevant to auditing challenges. The trainer exceeded expectations throughout the sessions, and I would absolutely recommend The Knowledge Academy to anyone looking to strengthen their auditing capabilities.”
