

Case Study: NxG Innova – APM PMQ & AgilePM Training Success Story

theknowledgeacademy

Kiranam Singumahanti

Director
NxG Innova TechLabs

Why?

Kiranam Singumahanti, a Director at NxG Innova, wanted to strengthen his professional relevance in a competitive market. To **enhance his capabilities and stay aligned with industry expectations**, he sought recognised qualifications in APM PMQ and AgilePM to reinforce his project leadership and delivery expertise.

Solution

Kiranam chose **The Knowledge Academy** for its **strong industry recognition** and the credibility of its certification pathways. The combination of **APM PMQ** and **AgilePM Foundation & Practitioner** courses provided him with a comprehensive understanding of structured project management alongside agile delivery approaches, supporting both strategic and adaptive decision-making.

Experience

Kiranam described his training experience as **excellent**, rating the course content **9 out of 10**. He shared that the trainers **exceeded expectations**, offering clear explanations and practical insights that made the concepts easy to understand. He also noted that the overall process was straightforward, making the training smooth and easy to follow.

Outcome

The training gave Kiranam strong exposure to the fundamentals of project management and agile principles, **reinforcing his ability to lead teams, improve delivery outcomes**, and adopt modern project practices. The recognised certifications have also strengthened his professional credibility and market value.

Results

- **Quality of Course Content:** 9/10
- **Trainer Feedback:** Exceeded expectations
- **Booking Experience:** Smooth & straightforward

Client Testimonial

Kiranam Singumahanti

Director, NxG Innova TechLabs

“The training was excellent, with knowledgeable trainers and well-structured content. It gave me strong exposure to essential project management fundamentals. I would definitely recommend The Knowledge Academy based on my experience.”
