PrepLadder

Why?

Geetanjali Sharma, a Senior Project Manager at PrepLadder, wanted to **strengthen her understanding of core PMP® concepts** and exam patterns. She aimed to learn effective strategies to attempt the exam and improve her overall preparation.

Solution

Geetanjali chose **The Knowledge Academy** to complete the PMP® training after receiving positive feedback from her friends. She also gained clarity on the course and learning approach through discussions with the team. The training covered key PMP® topics and practical strategies relevant to project management.

Experience

Geetanjali described the training as **good** and rated the course content **9 out of 10**. She found the sessions interactive, engaging, and informative throughout. She particularly appreciated the use of mock tests during the training, which helped assess understanding and identify areas for improvement.

Outcome

The training **helped Geetanjali learn project management concepts** and gain clarity on key focus areas for her exam preparation. It also strengthened her understanding of PMP® topics and supported a more structured approach to learning.

Results

- **Quality of Course Content:** 9/10
- **Trainer Feedback:** Met expectations
- **Booking Experience:** Great and smooth

Client Testimonial

Geetanjali Sharma 

Senior Project Manager, PrepLadder

“The training was interactive and informative, making it easy to understand key concepts. The mock tests during the sessions were very helpful in identifying areas to focus on. The support provided throughout was approachable and reliable. I would definitely recommend The Knowledge Academy for its engaging and well-structured training.”
