

# Case Study: Roth Engineering – PMP® Training Success Story

theknowledgeacademy

**Athanasios Mavraeidopoulos**

Presales Engineer

Roth Engineering SA

## Why?

Athanasios Mavraeidopoulos, a Presales Engineer at Roth Engineering SA, **wanted to strengthen his project management expertise** by achieving the PMP® certification. His goal was to contribute more effectively to high-value projects and tenders.

## Solution

Athanasios chose **The Knowledge Academy** to complete the PMP® certification after recognising its proven track record in delivering effective project management training. The course offered a clear approach to project management principles, techniques, and essential tools applicable to modern project environments.

## Experience

Athanasios described the training as **good** and rated the course content **9 out of 10**. He found the sessions valuable for improving his project management skills and expanding his professional knowledge. He also shared that the trainer met his expectations and delivered the training course effectively.

## Outcome

The training **enhanced Athanasios's understanding of project management** and supported his journey towards PMP® certification. It also increased his confidence to take part in public tenders in Greece and international markets.

## Results

- **Quality of Course Content:** 9/10
- **Trainer Feedback:** Met expectations
- **Booking Experience:** Good and smooth

## Client Testimonial

**Athanasios Mavraeidopoulos** 

Presales Engineer, Roth Engineering SA

“The training was informative and easy to follow. It helped build my confidence in applying project management practices across different projects. I would highly recommend The Knowledge Academy for its structured approach and high-quality training.”
