

Case Study: Sheridan Lifts Limited – PMP® Training Success Story

theknowledgeacademy

Christina Pantelidou

Project Manager
Sheridan Lifts Limited

Why?

Christina Pantelidou, a Project Manager at Sheridan Lifts Limited, wanted to progress professionally and **validate her project management expertise** through a globally recognised qualification. She sought structured training that would strengthen her credentials and support her continued career development.

Solution

Christina chose **The Knowledge Academy** to complete the PMP® Training based on the global recognition of the course. The course provided comprehensive learning in project management principles, frameworks and best practices aligned with international standards.

Experience

Christina described the course as **well-structured, engaging** and **highly informative**, rating the course content **10 out of 10**. She praised her trainer Kerry for being amazing throughout the sessions, delivering the content with great clarity and enthusiasm. The booking experience was brilliant, with the team being helpful, kind and polite throughout.

Outcome

The training **provided Christina with a thorough grounding in project management** principles and equipped her with the knowledge to apply in her role. It strengthened her professional credentials and gave her a strong foundation to build on as she continues to develop in her career.

Results

- **Quality of Course Content:** 10/10
- **Trainer Feedback:** Exceeded expectations
- **Booking Experience:** Brilliant

Client Testimonial

Christina Pantelidou

Project Manager, Sheridan Lifts Limited

"The PMP® course was well-structured, engaging and highly informative. Kerry was an amazing trainer who delivered the content with great clarity throughout. Everyone at The Knowledge Academy was helpful, kind and polite, making the whole experience seamless. I would highly recommend The Knowledge Academy for its outstanding training and exceptional customer service."
