

Case Study: State Street India – Scrum Master Training Success Story

theknowledgeacademy

J Hari Krishnan

Market Risk Team Lead
State Street India

Why?

J Hari Krishnan, a Market Risk Team Lead at State Street India, **wanted to explore career opportunities in consulting or project management**. He sought recognised training to build on his expertise and prepare for new future roles.

Solution

Hari chose **The Knowledge Academy** to complete the Scrum Master training because of the quick responses to his enquiries and the cost-effective course fees. The flexible learning options, including e-learning and virtual sessions, made it convenient for him to understand concepts clearly and clarify doubts effectively.

Experience

Hari described the training as **good** and rated the course content **8 out of 10**. He shared that the trainer met his expectations and delivered the sessions in a clear and easy-to-follow manner. He also found the overall learning experience straightforward and supportive.

Outcome

The training **helped Hari strengthen his understanding of Scrum concepts** and build confidence in applying Agile practices. It also boosted his confidence and provided a positive outlook towards seeking new career opportunities.

Results

- **Quality of Course Content:** 8/10
- **Trainer Feedback:** Met expectations
- **Booking Experience:** Smooth and good

Client Testimonial

J Hari Krishnan

Market Risk Team Lead, State Street India

“The training was easy to follow, with clear explanations that helped me understand the subject better. The availability of both e-learning and virtual sessions made learning flexible and convenient. I would definitely recommend The Knowledge Academy for its responsive support and practical training approach.”
