

Case Study: Suan Za Tuang – PMP® Training Success Story

theknowledgeacademy

Suan Za Tuang
Senior Engineer

Why?

Suan Za Tuang, a Senior Engineer, wanted to obtain a globally recognised project management qualification to strengthen his professional profile. His goal was to **build a strong foundation in project management principles** and progress in his career.

Solution

Suan chose **The Knowledge Academy** for its status as a **PMI® Authorised Training Partner** and its strong reputation for delivering comprehensive PMP® training. The course provided a complete blend of project management concepts and frameworks. The **discounted price** also made the decision easier, adding extra value to his learning experience.

Experience

Suan described the training experience as **fun**. He rated the course content **9 out of 10**, praising the instructor for being **excellent, clear, and highly knowledgeable**. He also appreciated the strong support he received throughout the journey, especially from Jyoti, whose quick assistance ensured a smooth and enjoyable learning experience.

Outcome

The PMP® training **broadened Suan's understanding of project management**, giving him a clearer perspective on structured processes and professional standards. He now feels more confident in applying these principles within his role.

Results

- **Quality of Course Content:** 9/10
- **Trainer Feedback:** Excellent and highly knowledgeable
- **Booking Experience:** Well handled with strong support

Client Testimonial

Suan Za Tuang 

Senior Engineer

“The training was excellent and strengthened my understanding of project management. The instructor was outstanding, and the support I received helped me stay on track. I would recommend The Knowledge Academy for its valuable service and reasonable pricing.”
