Taif Al Emarat

Why?

Abdul Qadir, Commercial Sales Representative at Taif Al Emarat, **wanted to enhance health and safety standards at his worksite**. His goal was to gain recognised knowledge in occupational health and safety so he could better support safe working practices and protect people on site.

Solution

Abdul chose **The Knowledge Academy** after seeing its positive reputation and presence on social media. He completed the **NEBOSH International General Certificate in Occupational Health and Safety** training, which provided structured learning focused on workplace hazards, risk control, and safety responsibilities.

Experience

Abdul described the training experience as **outstanding**. He rated the course content **9 out of 10** and praised both the course material and the instructor, mentioning that the sessions were clear, informative, and well delivered. The overall learning experience met his expectations.

Outcome

The training strengthened Abdul's **understanding of employee health and safety in the workplace**. He is now better equipped to support safer practices and contribute positively to health and safety awareness in his role.

Results

- **Quality of Course Content:** 9/10
- **Trainer Feedback:** Met expectations
- **Booking Experience:** Good

Client Testimonial
