

Case Study: beNine – PMP® Training Success Story

theknowledgeacademy

Tobbe

Project Manager
beNine

Why?

Tobbe, a Project Manager at beNine, **wanted to gain an official certification to formally validate his project management skills**. His goal was to strengthen his professional profile and take a clear step towards achieving the PMP® certification.

Solution

Tobbe chose **The Knowledge Academy's PMP® Training** because it was delivered online, providing a structured and instructor-led learning approach. This format helped him stay engaged, focused, and motivated, rather than relying solely on self-study.

Experience

Tobbe described the training experience as **top notch**. He rated the course content **10 out of 10** and praised the trainer's expertise and engaging delivery, which exceeded his expectations. The overall learning experience was positive and well supported.

Outcome

The training moved Tobbe **one step closer to achieving his PMP® certification**. It reinforced his understanding of project management practices and gave him greater confidence in progressing through the certification journey.

Results

- **Quality of Course Content:** 10/10
- **Trainer Feedback:** Exceeded expectations
- **Booking Experience:** Smooth and supportive

Client Testimonial

Tobbe

Project Manager, beNine

“The training was top notch and kept me fully engaged. The instructor exceeded my expectations, and the online format really helped me stay focused. I feel one step closer to achieving my PMP® certification.”
